

Hi Tim

Your voice is wonderful and
music so uplifting - really
heartwarming. You and your
piano man are a great pairing.

Wishing you many more
long-filled years.

You can tell this music means
something to you.

The technique is lovely

But best is the emotions and
meaning you bring to the music.

I never knew the Montreys did
a protest song.

So nice to really hear the lyrics.

Great nostalgic evening. Lovely accompaniment
too.

A great programme with well-chosen
classics. You obviously know your stuff
- a bit more pabter with context
would be really helpful!

Thank you for the opportunity to
hear these wonderful songs! An
amazing gift and so great to be here.

I've enjoyed the way you have
made each song your own, with
the style subtly but distinctly
changing in each song. Also, after
many years of hearing these songs
and humming along to the radio,
it's lovely to hear the words, so
clearly articulated, and helped me
to appreciate the meanings the
writers were trying to communicate.

Clearly you are enjoying yourself,
thank you for sharing this

Hugs xx
Maggie Bishop.

A most enjoyable evening with some well chosen
songs given a warm and fulfilling new slant:

A lovely, gentle contemplative evening of
